Hardcover \$22.95 (32pp)

978-1-60537-865-7

The nature of dreams is explored in this book of few words with stunning illustrations. A young girl describes the strange nature of her dreams, ever-changing apart from the last one that brings her back to consciousness. The dreams are illustrated in grayscale pencil apart from a single element on every page—a pink umbrella, a school of orange fish—until the girl peels back the corner of her dream and lets in the light and colors of the day.
