Even during the Rush Era, Quill took his time cleaning the forest, mountains, and sea that all the animals enjoy. His efforts went unnoticed. When Quill went into hibernation, however, the other animals soon realized the impact of his absence and stepped in to help. The Rush Era now exists only in a story that Grandpa Quill tells his grandchildren. The unique illustrations layer red- and blue-hued nature risographs with whimsical insertions of Quill and his forest friends, making this bustling text a bookshelf must.
