Dreamy colored pencil illustrations elevate this alphabet book to a work of art. “Inspired Iguanas Improvising on Ice” and a “Unique Unicorn Using a Unicycle” are just a few of the quirky creatures children will come across in this book; more advanced readers can also search the illustrations for hidden elements listed at the back. White-speckled quails, brown-spotted ocelots, and everything in between are depicted in meticulous detail within illustrations that will enchant adults and children alike.
